### 2. TELEPHONE SERVICE AND DIRECTORY

In order to insure accuracy, it is essential that telephone directory listing information be supplied at the time orders for new, changed, or discontinued telephone service are issued. Forms AD 7 and AD 8 ("Telephone Directory Information"), which are used for this purpose should be attached to SF 145 ("Order for Telephone Service") and forwarded to the Service Operations Division, Office of Plant and Operations.

### 3. SIGNALLING THE OPERATOR TO TRANSFER A CALL

It is mechanically impossible for the Agriculture operator to transfer a call that originated on dial equipment within the Department or dial equipment of the Interdepartmental dial system. To transfer incoming calls from Central Office Exchanges depress the handset plunger or switch hook for two seconds and release. Wait until the operator comes in on your line, then request her to transfer the call.

### 5. CALLS TO OTHER GOVERNMENT AGENCIES

Direct dial tie lines (codes) to other Government agencies are provided through the automatic Government dial system. These agencies should not be called by their Central Office Exchange numbers. A complete listing of Government agencies dial codes appears in the back of this directory. Codes not listed thereon may be obtained by dialing "Information" (extension 3131).

To call agencies equipped for "thru dialing": If the extension number in the agency is known, dial the agency code number and immediately thereafter the desired extension number. If the extension number is not known, dial the agency code and the figure "0" except on codes 11, dial 1170, code 13, dial 1330, code 14, dial 14 62474, code 138, dial 105, code 174, dial 31000, code 183, dial 18370, code 195, dial 195 1000, code 196, dial 196 413, code 122, dial 122 50, code 167, dial 1671221. The agency will answer and will furnish the desired extension number. However, she will not make the connection. She will ask the caller to note the extension number she has furnished and then will ask him to hang up and dial his party direct on that number.

To call agencies not equipped for "thru dialing": If the extension number is known, dial the agency code and give the agency operator the extension number. She will make the connection. If the extension number is not known, dial the agency code number and ask the operator for "Information".

Keep handy a "frequently-called" list of dial codes and extension numbers.

### 6. USE OF FEDERAL TELECOMMUNICATIONS SYSTEM FOR PLACING OFFICIAL AND LONG DISTANCE CALLS

The FTS has been established to provide long-distance telephone service to authorized personnel engaged in the conduct of official Government business.

Commercial facilities should be used in lieu of FTS when the cost of a long-distance call is 20 cents or less for the initial three-minute period. However, the FTS should be used to place this type of call after normal office hours, during weekends and on holidays.

The USDA switchboard, including Federal Center Building, access code to call FTS numbers is "89." The Pomponio, Plaza E, and the GHI Buildings access code to call FTS numbers is "8."

FTS access is not available to stations served by the National Agricultural Library.

On or about October 1, 1970, FTS access will be available to stations served by the Agriculture Research Center and the Plant Industry Station switchboards by dialing "0" for operator assistance.

If the FTS or commercial number you are calling is unknown, dial "9" for an outside line, listen for the dial tone, dial area code of the city you are calling, plus 555-1212 for the Information Operator. After obtaining the number of the distant party, hang up and place call via FTS.

To originate an FTS call to an FTS number from stations served by the USDA switchboard, listen for dial tone, dial access code "89", listen for second dial tone, dial appropriate code, plus the distant 7-digit number.

To originate an FTS call to an FTS number from stations located in the Pomponio, Plaza E, and the GHI Buildings, dial access code "8", listen for dial tone, dial appropriate area code, plus the distant 7-digit number.

To call commercial numbers via the FTS network from stations served by the USDA switchboard, including the Federal Center Building; and stations located in the Pomponio, Plaza E, and the GHI Buildings, dial the appropriate access code, listen for dial tone, dial "0", plus the area code and the 7-digit number of the party being called.

To place official FTS calls to FTS numbers from home, dial 737-1820 for the FTS operator. When the operator answers, give her the number of the party being called, your name, and your agency's FTS Identification Code.

#### Overseas Calls:

**Alaska.** Between the hours of 10:30 a.m. until 9:00 p.m., Monday through Friday, dial 206-583-0150 for assistance. During the remaining hours of the day or night and weekends, dial 106 for assistance.

**Canada.** During normal duty hours, Monday through Friday, dial 13-22342 for assistance. After the normal duty hours and weekends, calls to offices or persons located in Canada can only be made commercially.

**Hawaii.** Between the hours of 10:00 a.m. until 8:00 p.m., Monday through Friday, dial 415-556-0220 for assistance. During the remaining hours of the day or night and weekends, dial 106 for assistance.

**Puerto Rico.** Between the hours of 7:30 a.m. until 4:00 p.m., Monday through Friday, dial 106 for assistance. During the remaining hours of the day or night and weekends, calls to offices or persons located in Puerto Rico can only be made commercially.

#### Conference Calls

To originate a conference call consisting of one distant Commercial or FTS number and four stations served by the USDA switchboard, dial "USDA OPERATOR."

To originate a conference call from stations served by GSA switchboards dial IDS Code 13, if appropriate, extension 22341.

To originate a conference call consisting of six to 20 conferees, dial IDS Code 13, extension 22341. The cost of this type conference is \$50 for the first hour or fraction thereof.

#### Trouble Calls

To report FTS trouble, dial "0", give the operator your name and extension, the telephone number you were trying to reach and the nature of the trouble you encountered. She will assist you.

## 7. CALLS TO CENTRAL OFFICE EXCHANGE NUMBERS

#### EXAMPLE: Call to District 7-6713.

Remove the receiver and listen for the dial tone. Dial the figure "9". Wait for the second dial tone; then dial the first two letters of the Central Office Exchange and all of the numbers that follow.

## 8. INCOMING CALLS

Direct-In-Dialing equipment is provided for telephones serviced by the Agriculture switchboard. Incoming calls should be made direct to you by having your callers dial or call DUudley 8 followed by your extension number. If desired you may transfer the call to another extension.

## 9. RESPONSIBILITY FOR HANDLING PUBLIC AND CONGRESSIONAL INQUIRIES

It is the responsibility of employees of the Department to handle telephone inquiries promptly, courteously and with as little inconvenience as possible to the callers.

**Correct Referral—Information Desk.** When an employee receives a telephone request for information that is not within his area of responsibility, he shall put the caller in touch with the proper person in the Department with as little delay as possible. If the employee does not know who this is, he should check by telephone until he is sure that he is referring the caller to the proper source. The Information and Publication Desk, Office of Information, in the lobby of the Administrative Building, extension 2791, is responsible for handling subject-matter inquiries. When there is doubt as to whether an inquiry may be referred, it may properly be directed to this Desk.

**Give Intelligent Service.** Employees must be ready to go out of the way to put callers directly in touch with the proper employees, wherever located in the Department. Since the public usually is not familiar with the organization of the Department, it may be difficult for callers to find without aid the persons who can answer their questions. Opinions of the general efficiency of the Department often are formed from the manner in which such inquiries are handled.

**Congressional Inquiries.** Congressional inquiries must be handled with all possible dispatch. Heads of organizational units throughout the Department are responsible for seeing that these calls are taken care of without delay. When an employee receives a Congressional telephone call that is not within his area of responsibility, but can be answered by another employee of the agency, he should, after making sure that this is so, arrange for the latter to return the call immediately. If the responsible person is out, his office should be asked to advise the caller accordingly. Congressional calls must not be transferred without first ensuring that the person to whom the call is transferred is the proper one to answer the inquiry.

**Use of Congressional Liaison.** If a Congressional call cannot be handled in the manner shown above, the employee receiving the call may tell the caller that he will arrange to have the proper person call back, and may then ask Congressional Liaison, Office of the Secretary, (extension 7095) to arrange for having the call properly answered.
